Allowable Subject Matter

Claims 1-37 are allowed.

The following is an examiner's statement of reasons for allowance: The prior art of record does not teach or suggest a superconducting tape, or method of making, including a ceramic superconducting material and two metal reinforcing layers, one layer defined as having a greater thermal expansion coefficient than the superconductor and the other as having a greater modulus of elasticity (Young's modulus) than both the superconductor and the other metal layer.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
